

*New from Plastikan...*

# The Next Generation of Packaging

for the Foodservice Industry

*For over 30 years Plastikan  
has set the standard for  
proven performance and  
reliability in rigid packaging  
for the foodservice industry.  
Our new family of containers  
continues the evolution.*

**PLASTICAN**<sup>™</sup>

## Features:

- Available in 4 and 4¼ gallon sizes
- Ergonomic finger grips built into pail eliminating need for handle
- 100% Recyclable
- Excellent performance qualities including stacking strength, frozen impact strength, and hot fill
- Covers available with or without gaskets
- Suitable for hot fill, frozen, liquid, or dry applications

## Benefits:

- Superior user convenience with easy handling and resealability
- Lightweight design for environmental sustainability
- Tamper evident lids
- Custom photo quality graphics
- Superior nesting yields maximum units per truckload, allowing fewer shipments, less product handling and less packaging waste
- Available in a variety of materials customized to performance requirements
